

Notes:
 1. A Legal Resurvey is recommended prior to construction.
 2. This survey does not guarantee the location of the lot boundaries or improvements unless a legal resurvey has been carried out in conjunction with the feature survey. Check the Certificate of Title for any interests or notifications impacting on this lot.
 3. All levels are approximate AHD levels taken from GPS Observations. This will need to be verified if crucial to building ped levels.
 4. All underground services plotted from Dial Before You Dig records and not physically located. Please note physical changes on site may have occurred, but are yet to be updated into Dial Before You Digs records.
